The Shredding Industry Icon Since 1967

Industrial Shredders come in all shapes and sizes. Why are Allegheny shredders considered the best in the world? Over 50 years ago, Allegheny founder John Wagner began breaking the barrier, building an industrial shredder to

out-perform a powerful 7.5 horsepower shredder already on the present day, as Allegheny now manufactures 300 HP the market. In 1971, he went one step further and industrial shredders and shredding systems that can introduced the first heavy duty industrial shredder in the produce 20 tons of shredded industry – a 15 horsepower beast!
